Little Warriors is a national, charitable organization committed to the awareness, prevention and treatment of child sexual abuse.

Treatment: Little Warriors Be Brave Ranch

The Little Warriors Be Brave Ranch by Ray LaBonte and Family is a long-term treatment centre focused solely to help children who have been sexually abused, as well as their families.

Children come to the Be Brave Ranch for over 200 hours of treatment over a one-year period. Throughout the yearlong program, children and their families benefit from multimodal therapy run by clinical professionals.

Clinical results confirm the success of the treatment program, including an almost 50% reduction in child post-traumatic stress disorder scores (PTSD), a reduction in the number of children experiencing PTSD, significant reductions in depression and anxiety and forecasts that also suggest reduced mental health related issues and enriched outcomes for these children and society in the future.
